Mr. Pedro

Sculptor in steel and wood. Greater Houston, Texas.

BIOGRAPHY

Mr. Pedro is a sculptor in steel and wood based in Greater Houston, Texas. Born in Puerto Rico, he moved to Houston at age 6. At 19 he enrolled in welding school and discovered the craft's artistic side, making his first piece of metal art. PLT Fabrication is his studio. His late grandfather, Abuelo, nurtured his early aspirations, gave him his first torch set, and was a gifted woodworker. Mr. Pedro blends Abuelo's woodworking with his metalwork so that Abuelo's influence lives on in the work.

Over 20 years of hands-on work as a professional structural welder and fitter.

> "Welding was my first language as a maker. It taught me how to shape emotion into something lasting."
